In-Store Virtual Design Kiosks

Make the showroom interactive, modern, and conversion-focused.

OVERVIEW

Transform the physical showroom into a more engaging sales environment with CraftsmanAI-powered design kiosks. Customers can explore custom options, compare pieces, preview ideas, and interact with a modern jewelry experience that keeps them engaged longer and moves them closer to purchase.

KEY CAPABILITIES

- Large-screen interactive custom jewelry design experience
- Allow customers to build design concepts in-store
- Support virtual try-on for custom and inventory products
- Help customers compare designs and store inventory visually
- Present quote-oriented information in a more engaging way
- Increase showroom dwell time and custom-design interaction

BEST FOR

High-footfall jewelry stores, showroom-driven businesses, premium retail environments, and brands modernizing in-store selling.

WORKFLOW IMPACT

Foot traffic -> interactive discovery -> stronger custom-design conversation.

Available with an active CraftsmanAI subscription. Rollout and implementation scope may vary.
