Seamless Website Integration

Turn online traffic into structured custom jewelry opportunities.

OVERVIEW

Bring the CraftsmanAI custom design flow directly into your online storefront or supported sales environment. Customers can begin a guided custom request under your brand, giving your team cleaner details, stronger follow-up context, and a smoother path from online interest to real sales conversation.

KEY CAPABILITIES

- Embed custom-design intake into your website or supported sales flow
- Let customers begin custom requests through your brand
- Capture structured design details instead of scattered messages
- Organize follow-up with CRM-ready lead information
- Create a more premium online customer experience
- Convert digital traffic into qualified custom-sales conversations

BEST FOR

Jewelry retailers, online brands, multi-channel custom sellers, and stores looking to improve digital lead conversion.

WORKFLOW IMPACT

Online inquiry -> guided intake -> render request -> retailer follow-up.

Available with an active CraftsmanAI subscription. Rollout and implementation scope may vary.
